

Oklahoma Association of Electric Cooperatives
2024 Legislative Guide

On behalf of Oklahoma’s electric cooperatives, I am pleased to share our legislative guide, a free resource that embodies our commitment to transparency, engagement and advocacy. This is a comprehensive and visually compelling resource designed to help navigate your Oklahoma legislature.

Gathering helpful information about each member of the Oklahoma legislature as well as elected federal officials is a time-consuming process, even for seasoned professionals. Recognizing this challenge, we have developed this unique guide to make a one-stop compilation of legislative information accessible to all. Our legislative guide is an invaluable tool that empowers you, the consumer-member, with the knowledge you need to understand, engage with and influence the legislative landscape.

Oklahoma’s electric cooperatives believe in the power of knowledge to drive positive change. Cooperatives

engage with the political process through a non-partisan approach to ensure co-ops are enabled to improve the lives of those we serve and to become an innovative force for the future of energy.

Much like how you as a consumer-member have a voice and a vote in how your co-op is run, by equipping you with the tools to navigate the state legislative landscape, we aim to foster a more informed and engaged community that actively participates in shaping the future.

I invite each of you to explore our legislative guide, which is also available on our interactive app. Together, let us embrace the opportunity to make a difference and let our collective voice be heard in the halls of the state legislature.

Thank you for your unwavering support in partnering with your electric cooperative in providing safe, affordable and reliable power. **OKL**
